

REPUBLICANS WILL PROPOSE CHANGES

Plan to Introduce Various
Amendments to the
Underwood Bill

TWO ENGAGE IN COLLOQUY

Townsend and Simmons Debate
Alleged Threats of Manufactur-
ers to Reduce Wages

WANTS ALUMINUM FREE

WASHINGTON, MAY 20.—That
Republican senators plan to in-
troduce amendments to nearly every
item in the Underwood tariff bill
when it comes before the senate be-
came evident today when Senator
Penrose said that every Republican
would have amendments to propose.
During the debate today the matter
of making public briefs filed by man-
ufacturers with the Finance sub-
committee, Senator Townsend of
Michigan, engaged in a colloquy
with Senator Simmons relative to
the alleged threats of manufactur-
ers to reduce wages and the counter
intention of the administration
through the bureau of corporations
to investigate concerns which might
reduce wages following tariff reduc-
tions.

Townsend Questions Simmons.
"Is the senator aware," asked
Senator Townsend, "of any con-
ditions existing which will make
possible this proposed coercion on
the part of the government as in-
dicated by the secretary of com-
merce?"

"Remarks of the secretary relat-
ing to investigations of manufac-
turers," replied Senator Sim-
mons, "have grown out of threats
constantly made by the protected
industries that they would reduce
wages unless they are permitted to
retain the excessive tariff rates."
"Can the senator give any spe-
cific cases where such threats have
been made?" Senator Townsend
continued.

"I can refer the senator to the
hearings before the ways and means
committee where statements were
repeatedly made by manufacturers
that if duties were reduced they
would be forced to and would cut
wages. I would also refer him to
the briefs filed with the finance com-
mittee which are full of such state-
ments."

"Does the senator construe as a
threat the statement of a manu-
facturer that certain changes would
force him to cut expenses?" asked
the Michigan senator.

Secretary Had Warnings.
"The gentleman may construe it
as he sees fit," said Senator Sim-
mons, "call it a threat or a state-
ment, but the secretary of com-
merce had reference to these con-
stant warnings by representatives
of the protected industries that they
would not suffer in their own
pockets from tariff reductions, but
would shift the loss upon their em-
ployees."

Senator Kenyon of Iowa, has in-
troduced an amendment to put
aluminum on the free list, this is in
keeping with his proposal to out all
products of monopolies on the free
list.

SEVERAL THOUSAND STRIKERS ASSEMBLE AT SILK MILLS

Seventy Arrested Before Police Succeeded
in Dispersing Them—Executive
Committee Repudiates Threat.

Paterson, N. J., May 20.—Several
thousand strikers assembled both at
the entrances to the Price Silk Mill
today, where the hands returned to
work yesterday responding with
jeers when the police tried to dis-
perse them. In enforcing the dis-
persal order the officers arrested
nearly seventy persons. They will
be arraigned tomorrow. There was
no other disorder.

The executive committee in charge
of the strike issued a statement to-
day repudiating the threat of Adolph
Lessig, secretary of the Industrial
Workers of the World here, to tie
up the city and plunge it into dark-
ness by a general strike beginning
tomorrow. The committee says it
never has countenanced such a move.

SIX KILLED IN LANDSLIDE

Hinton, W. Va., May 20.—Six per-
sons were killed and a number in-
jured tonight when a mixed train on
the Chesapeake & Ohio railroad was
swept down a steep mountainside by
a land slide. The train had stopped
between Sewell and Landsburg to
clear away debris deposited by a
cloudburst early in the day. While
the work was in progress another
slide occurred and the train was
thrown from the tracks down 30
feet of the mountainside.

BRITTON BEATS MURPHY.

Kenosha, Wis., May 20.—Jack
Britton of Chicago beat Eddie Mur-
phy of Boston in a ten round fight
tonight. Murphy's rugged battling
saved him from defeat. Murphy
showed superiority in only one round,
the third. He gang saved him from
defeat in the eighth.

GOVERNMENT AWAITS NEXT STEP OF JAPAN

INTEREST IN NEGOTIATIONS IN LAND
LEGISLATION SHIFTS TO TOKIO

Visit of Japanese Statesmen to Cal-
ifornia Will Be of Benefit, It Is Be-
lieved, As They Will Be Able to
Tell Home People of Conditions.

WASHINGTON, MAY 20.—Inter-
est in negotiations between the
United States and Japan over the
California land legislation has shifted
to Tokio. The American govern-
ment having delivered its reply to
the Japanese protest is awaiting the
next step of Japan and the situa-
tion was not even mentioned at to-
day's cabinet meeting. In official
circles it is regarded as significant
of the desire of the administration
to convince the Japanese govern-
ment of its purpose to maintain the
best of relations that American
Charge Dailly-Blanchard has called
upon the foreign minister at Tokio
to assure him of the determination
of the United States to find a friend-
ly and satisfactory solution of the
present issue. Secretary Bryan al-
ready has verbally given such as-
surance to Viscount Chinda.

It is believed here that the visit
to California of the Japanese
statesmen, Ebara and Hattori, rep-
resenting both of the great political
parties of Japan, will be of benefit
as they will be able to enlighten
their people at home as to the con-
ditions.

Other influences are working in
the same direction and the Japanese
American society of Tokio is sending
one of its trusted members to this
country charged with personal
messages to prominent Americans,
calculated to relieve friction be-
tween the two countries.

PHYSICIANS SAY OPERATION WILL NOT SAVE B. A. WALKER

Transplanting of Kidneys in His
Case Would Be Impossible, Ac-
cording to Doctors.

Macon, Ga., May 20.—Attending
physicians who read the despatch
from Baltimore to day to the effect
that a prominent surgeon there had
said that transplanting kidneys
might save the life of B. Anderson
Walker the banker reported to be
dying from poisoning, such a course
in the patient's condition would be
impossible.

"There is not the slightest doubt
that Mr. Walker will die," said Dr.
Stapler one of the physicians in
charge of the case. "The poison
has gone all through his system and
is not confined to the kidneys. Even
if it were only in his kidneys, he
would die under an anesthetic."
Mr. Walker has been confined to
his bed the last 24 hours and about
half the time has been in a state
of coma. Physicians say the end
may come any hour.

MOUNTED POLICE ASSIST AT WEDDING

Chicago, May 20.—Fifty mounted
police tonight assisted at the wed-
ding of Miss Ella Triner to Dr.
Frank A. Lagorio at the St.
Francis church on the west side.
Several thousand persons, mostly
women, crowded around the church
in the hopes of seeing Miss Emily
Huggins, who says she was Dr.
Lagorio's fiancée, preventing the
wedding. The police forced a way
through the crowd and escorted the
bride couple to the church and
later to a railway station. Miss
Huggins who had threatened to pre-
vent the wedding did not appear.

Geneva, Switzerland, May 20.—The

graphic message to the Servian con-
sul, N. S. Petrovitch stating that
the reports of the intended abdication
of King Peter are without foundation.

SMITH WINS BOUT WITH JESS WILLARD

Defeated Pugilist Had
Many Advantages
Over Opponent

GOES TWENTY ROUNDS

First Uneventful But Smith
Landed Fiercely to Jaw
in Second Round

DECISION PLEASES CROWD

SAN FRANCISCO, MAY 20.—Fifty
pounds advantage in weight, six
inches in height and a reach like the
arm of a derrick, could not win to-
night for Jess Willard from "Gun-
boat" Smith, who earned a referee's
decision in the last round of a two-
round bout. The heavier punch
of the more experienced and ag-
gressive veteran counted for more
in the result than in the bulk and
strength of his opponent.

Battle Starts at 9:50.
It was 9:50 o'clock before the
gong started Smith and Willard on
their way. The first round was un-
eventful, but toward the end of the
second, Smith landed fiercely with
right and left to the jaw and Willard
spat blood as he went to his corner.
The sailor took a long lead in the
third, landing several hard swings
to the jaw and Willard appeared
dressed. The round closed with the
Kansasan on the defensive.

Willard began playing for the
gunner's stomach in the fourth
round, rushing Smith to the ropes
and varied his assault with a smash
to the nose that brought blood. In
the succeeding round he continued
his spurt, at one time almost putting
Smith through the ropes. Smith
fought back savagely but his blows
were ill-timed. The sixth round was
tame, the Kansasan not following up
his advantage. There was much
clinging in the seventh and Referee
Selig was kept busy separating the
pair. Both slowed up perceptibly
and not until the tenth round was
fierce milling resumed. Smith then
split the Kansasan's ear with a right
swing and blood flowed in a stream
from the wound. The advantage at
this stage was with the gunner.

Crowd Jeers Giant.
Smith peeked away at Jess' ear in
the eleventh as the crowd jeered the
giant, who clinched repeatedly to
avoid punishment.

A left to the chin in the next
period staggered Willard. Eager for
a knockout, the gunner was now
prancing around the big German,
landing frequently but seemingly
with little steam behind his blows.
In the thirteenth he hit Willard al-
most at will, the Kansasan seemingly
content to back away and cover as
best he could.

Willard opened the fourteenth
round with an unexpected onslaught
that took Smith unawares and slam-
ming the gunner against the ropes,
drove a left to the jaw that dazed
him. Smith fought back gamely and
hasted out the round. His left eye
was closed when he took his corner
in the fifteenth, but in the next
round he showed up stronger, hold-
ing the Kansasan even.

Smith Outfights Giant.
Honors were even in the seven-
teenth and eighteenth which were
featured by heavy slugging. In the
nineteenth Smith again opened Wil-
lard's ear, outfighting the giant at
close range.

The gunner forced the fighting
throughout the twentieth and when
Referee Selig designated him as the
winner at the end of the bout, the
ringside crowd cheered in approval.

COMMITTEE DARING CRIME.

Paris, May 20.—A crime, the dar-
ing of which recalls some of the ex-
ploits of the motor car bandits who
were recently gunned, was com-
mitted today when an automobile
dealer named Dardene was shot by
an apparently well-to-do customer
who asked the dealer to conduct a
trial spin of an automobile to Senlis,
about 32 miles from Paris, where he
said his relatives would purchase
the car.

When entering Senlis Forest the
customer on some pretext got Dar-
dene to stop at a garage and then fired
six shots from a revolver at him,
pushed him out of the car, calmly
started the motor and drove away.
Dardene was seriously wounded.

bert B. Beers of Bridgeport, Con-
necticut, commander-in-chief of the

at the first session of the annual

department G. A. R. Five affiliated
organizations are also holding their
annual meeting here.

O'Hara will take part in the big
parade tomorrow.

HANSEN RELEASED ON BOND

London, May 20.—J. Salter Han-
sen, the American theatrical manager

ening Arthur Bourchier, an English

day under \$10,000 bail.

BULGARIA ANXIOUS FOR PEACE MOVEMENT

ALLIES DESIRE MODIFICATION OF
PROVISIONS OF TREATY

No Likelihood That Conference Will
Assemble This Week Apparent—
Balkans Want \$100,000,000 In-
demnify.

LONDON, MAY 20.—When the
last peace conference assembled in
London to discuss a Balkan settlement
it as Bulgaria which indulged in
act of delay. The position is re-
versed. Bulgaria is anxious to sign
the preliminary peace treaty while
the other allies are raising objections.
They desire a modification of the
provisions of the treaty as decided
upon by the powers. Bulgaria has
no objection to such modification,
but desires that this shall not inter-
fere with the affixing of signatures.
There appears to be no likelihood
that the peace conference will as-
semble this week. The delegates
of the allies held a long meeting to-
day in an endeavor to compromise their
differences and finally decided to
submit a memorandum of the pro-
posed modifications to the ambassa-
dorial conference, which according
to present arrangements will not
meet until Monday.

Want Large Indemnity.
Parliamentary. The Bulgarian
minister of finance, who is to repre-
sent Bulgaria at the financial con-
ference in Paris in connection with
the Balkan settlement said to day
that the Balkan states would ask
for a war indemnity of two billion
francs (\$400,000,000) of which
Bulgaria's share would be 1,000,-
000,000 francs.

Numerous precedents he said sup-
ported the Balkan demand. They
did not ask to be indemnified for in-
direct losses due to the state of war
but merely for reimbursements of
purely military expenditures and the
cost of pensions for those incapacitated
and the families of the killed.

GENERAL MENOCAL INAUGURATED THIRD PRESIDENT OF CUBA

Ceremony Takes Place in Historic
Palace in Havana—Special Ameri-
can Mission Present.

Havana, May 20.—Amid scenes of
intense patriotic enthusiasm, General
Mario G. Menocal was inaugurated
at noon today as third president of
the Cuban republic. The ceremony
took place in the historic palace of
the Spanish captain-general in Ha-
vanna and was attended by a brilliant
assemblage, including a special
American mission.

Special fetes were held tonight
when all the city was illuminated.
The principal streets lined with tri-
umphal arches, the buildings draped
with the national colors, were
thronged.

After his inauguration President
Menocal received the American spe-
cial mission, composed of the third
assistant secretary of state, Dudley
Field Malone, Brig. Gen. Enoch H.
Crowder, judge advocate general of
the army, and Edward Bell of the
Latin-American division of the state
department, acting as secretary, and
the members of the American legation.

The American minister, Arthur M.
Beauregard, officiating as chief of
the mission, congratulated President
Menocal in behalf of President Wil-
son. Secretary Malone read a mes-
sage of felicitation from the presi-
dent of the United States to which
President Menocal responded in
terms of the highest appreciation
for the good wishes extended to him-
self and the Cuban people by Presi-
dent Wilson.

PLAN TO MAKE ARMOR PLATE.

Secretary Daniels Says Government
Pays Too Much For Armor.

Washington, May 20.—Plans for
manufacturing armor plate for
American warships in the plants
owned and operated by the govern-
ment are being considered by the
navy department.

"I am convinced," said Secretary
Daniels, in his statement today, "that
the United States pays too much for
its armor plate and the only way to
get it cheaper would seem to be for
the country to have its own plant,
so that the outsiders may be forced
to come down to a reasonable price.
The competing concerns now get
their figures very close together,
within a fraction of a cent. It does
not matter to them which one gets
the contract, for they divide the
profits. There is no competition."

GASAS JOINS FEDERALS.

El Paso, Texas, May 20.—Lieut.
Col. Garfias, second in command of
the revolutionists in Coahuila state,
arrived here today to accept
armistice from the federal govern-
ment. Garfias was made command-
er of the state troops when Gov-
ernor Varranza was named command-
er-in-chief of all constitutionalists
troops in Mexico. Garfias is said to
control at least six hundred men
now in arms in the eastern border
state.

keeper will be in Chicago tomorrow
to serve the summons upon the fed-
eration officers.

Decide Upon Wage Bill.

The senate vice-commission to-
night finally decided upon the mini-
mum wage bill which it will intro-
duce in both branches of the general
assembly tomorrow. There are a
number of new and original features
in the vice-commission's bill that are
not found in the laws of other states
on the subject.

Among the salient features of the

bill are the following provisions:
Fixes \$7.50 as a minimum wage
compensation until the wage com-
mission shall have fixed a minimum
wage under the act. Fixes a fine of
not less than \$25 for the first vi-
olation and a jail sentence of from 30
days to one year for repeated viola-
tions.

Exceptions Are Made.

Apprentices may be paid less than
the minimum wage provided for by
law for a period not exceeding six
months.

Female workers and minors suf-
fering physical defects may be given
an opportunity to work for less
compensation when provided with a
certificate by the commission fixing
the amount at which they may work.

The committee of senators ap-
pointed to investigate the charge of
immorality made against Lieut.
Gov. Barrett O'Hara was in session
several hours tonight, going over
the evidence taken at the investiga-
tion preparatory to preparing the
findings to be submitted to the sen-
ate. At a late hour it was announ-
ced by Chairman Ettleson that it was
not yet determined whether the com-
mittee will prepare its reports upon
the evidence already at hand or
whether further testimony will be
taken.

EXPECTS FRIENDLY SETTLE- MENT BETWEEN JAPAN AND UNITED STATES.

London Morning Post Says It Is Ab-
surd to Suppose California Ques-
tion Will Lead to a Rupture Be-
tween Nations.

LONDON, MAY 20.—The Morning
Post expresses the opinion editorial-
ly that it is absurd to suppose that
the California dispute will lead to a
rupture between the United States
and Japan, since both governments
are convinced of their ability to find
a basis for a friendly settlement.

"The Japanese government,"
said the Post, "must be well aware
that the Washington administration
would never concede claim to full
equality of treatment for Japanese
immigrants. It may therefore be
hoped that if diplomacy can find
some means of saving Japanese face
her government will not insist upon
pressing claims which the United
States can never grant."

PROBE WILL NOT BE RESTRICTED BY COURT

JUDGE PUTNAM RULES AGAINST AL-
LEGED SHOE MACHINERY "TRUST"

Declares It Is Pretty Dangerous for
the Court to Restrict Counsel in
a Case of This Character—Presi-
ding With Two Other Jurists.

BOSTON, MAY 20.—An unrestrict-
ed probe into the acts of the United
Shoe Machinery company, the alleged
shoe machinery "trust" will be al-
lowed the government as a result of
a ruling by Judge Putnam at the
opening of the suit to dissolve the
company in the United States district
court to day.

Attorney Choate Jr., of counsel
for the defense, requested the court
to restrict the government to proof
of a plan on the part of the defend-
ants to monopolize the shoe machin-
ery business in the country. If
such a plan never existed, he said,
the government would lose its case
as it alleged that all the acts com-
plained of were done in pursuance
of a plan of monopoly.

"It is pretty dangerous for the
court to restrict counsel in a case of
this character," said Judge Putnam
who is presiding with Judges, Fred-
eric Dodge and Judge Arthur L.
Brewster.

NEWSPAPER ASSOCIATION OPENS SEMI-ANNUAL CONFERENCE

Executive Board of Illinois Body
Opens Sessions in Chicago—Ster-
ling Urges Publishers to "Stand
Together."

Chicago, May 20.—With Thomas
Rees of Springfield presiding, the
executive board of the Illinois Daily
Newspaper association opened its
semi-annual conference here today.
Fred E. Sterling, publisher of the
Rockford, Ill., Register-Gazette, urged
the newspaper publishers of the
state to "stand together." He said
newspapers nowadays were conduct-
ed along a saner line than ever be-
fore.

Among other questions discussed

were:
"Is there a jackpotter in the state
who does not believe that there
should be more drastic libel laws?"
and "Of all the public men who have
been attacked in the public press
have any of them received as bad
treatment as they really deserve?"

MOB MAKES THREATENING DEMONSTRATION AT HIAWATHA JAIL

Negro, Charged With Attacking Mrs.
Anna Kellar, Identified by His Vic-
tim—Sheriff Holds Mob at Bay.

HIAWATHA, NEB., May 20.—A mob of
two hundred persons from Fall City,
Neb., tonight made a threatening
demonstration at the local jail where
William Bellew, a negro, charged
with attacking Mrs. Anna Kellar of
Falls City, is a prisoner. After the
crowd had promised that the negro
would not be harmed he was brought
out on the porch of the jail that Mrs.
Kellar might see him. When she
identified him as her assailant the
crowd closed in about the jail en-
try, but the sheriff and his assist-
ants held the mob at bay with re-
volvers until Bellew could be spirit-
ed back to his cell. The crowd then
made further effort to enter the build-
ing. Late tonight the men on the
streets were in an angry mood and
a guard was placed around the jail.

Mrs. Kellar was reported to be in
a serious condition and came here
against the advice of her physician.

J. A. HOSP,
Trustee Delaware Tribe.

Great Trustees—A. B. Capel of Shawneetown, William Ryder of Auburn, W. P. Aldridge of New Haven. O. L. Whitmer was unanimously re-elected State Chief of Records amidst great applause.

Reports were read and approved of the board of appeals. The roll call by tribes resulted in introduction of various resolutions, all of which will be acted upon at this morning's session. Other important business to be transacted at this session, which opens at 9 o'clock, is the discussion of new legislation on orphans' funds, and the change in the per capita tax and in the matter of holding elections. Three representatives will be elected to the national association which convenes in September, to serve for two years each. Custom gives the retiring Great Sachem a place among these representatives. Two will have to be selected then, besides Mr. Stuttle of Litchfield. Frank W. Jones, a past Great Sachem and the present state organizer, is practically sure to be named as one of these; the other will be elected from among the two

candidates, Charles Bisch of Springfield and W. D. Newton of Bloomington.

The council adjourned at 1:30.

**INTERCOLLEGIATE
MEET ON MAY 24****ILLINOIS COLLEGE WILL BE REPRESENTED IN PEORIA**

Coach Harmon Leaves This Morning With Baseball Team to Play Carthage, Lombard and Williams and Vashit—Six Men in Big Meet.

Illinois college athletes are to have a full week. The baseball team leaves for a three days trip and the track team will go to Peoria Friday in readiness for the big intercollegiate meet which will be pulled off the following day.

Spurred by the wonderful showing made in baseball the team will leave this morning with much confidence and expect to bring home a triple victory. The first school to be played is Carthage this afternoon. Little is known of the strength of this school in baseball. On Thursday afternoon Illinois will play a return game with Lombard. In the first game between the two schools played here Illinois won by a score of 7 to 5. The third and perhaps the hardest game of the trip will be against Williams & Vashit at Alton on Friday afternoon. Illinois showed her superior strength when she defeated this school's team on Illinois field by a score of 13 to 9, through the superior pitching of Wheeler and the hard hitting of the team. It is probable that Coach Harmon will save Wheeler for the Williams and Vashit game, as the classy little twirler seemed to be a puzzler to the hard hitting Altonians.

The line up will be as follows: Catcher, Darrach (Capt); pitcher, Wheeler and Atchison; first base, Atchison and Wheeler; second base, Furr; third base, Gary; short stop, Jaccard; left field, Apple; center field, Stewart; right field, Pierce; substitute, Karch.

Intercollegiate Meet.

Illinois college will be able to send only six men to the intercollegiate meet to be held Saturday afternoon in Bradley field in Peoria. Illinois' entries are as follows: Pins—shot put, hammer three and discus throw.

Alford—Half mile and 440 yard dash.
Huntziker—Pole vault, and broad jump.
Morrison—High jump.
Sooy—Mile run.
Jaccard—100 yard and 220 yard dashes.

The following schools of the state have sent in entries: Bradley Polytechnic Institute, Eureka College, Illinois Normal University, Illinois Wesleyan, James Millikin University, Eastern Illinois Normal school, Lincoln college, Shurtleff college, McKendree college, Harding college, Williams and Vashit and Lombard colleges.

The Association of Commerce has combined with the Bradley authorities to make the meet the largest in the history of the organization. The number of athletes will be over 150 and it is expected that some records will be lowered. Harry Gill of the University of Illinois, who referred the track meet held at Bradley last spring will be the referee against this year. The association of commerce has agreed to sell 1,000 tickets and for this reason new bleachers have been erected.

Everyone who has seen these new sun-shades has become enraptured with their beauty. The new dome shape is a decided departure from the lines upon which parasols were formerly made, the cover extending far down and enveloping the features in a manner which is most bewitching.

In purchasing this assortment we endeavored to include all the wanted shades, so that every woman may have a parasol to harmonize with the rest of her outfit. Some are of pure white with colored stripe or fancy borders, others in nobby figured effects—and a number of styles are featured in the Bulgarian silks. (See display in South Window.)

There is nothing cheap about these sun-shades but the price. The covers are of first quality silk and should retail at \$2.00, \$2.50 and \$3.00; but to introduce the new style we are offering you choice of the lot, for this week only, at..... **\$1 98**

GRAND MEADOWS, MINN.****A. F. Cook of Local High School Faculty in Good Position.**

A. F. Cook, who has been instructor for the past two years of Senior English and public speaking at the High school, has secured the position of Superintendent of Schools at Grand Meadows, Minn. Mr. Cook is a graduate of Rippon College, Wis., and after leaving school taught at Oconto, Wis., from which place he came to Jacksonville. Mr. Cook is a young man of splendid executive ability and an excellent teacher of dramatics, public speaking and English. It was with sincere regret that the Board of Education accepted his resignation some time ago as his work here has been of a high order. The offer he had of the Minnesota school was \$8 good, and afforded Mr. Cook an opportunity to work along the educational lines which he covets, that he felt that he could not turn the offer down.

PRINCIPAL W. A. GORE GIVES ADDRESS.

Principal W. A. Gore was the speaker at the Parent-Teachers meeting held in the second ward Tuesday afternoon. Mr. Gore was heard in an excellent talk. He pointed out the fact that the teachers had considerable of a problem to solve from the fact that the parents let their children have too easy a time at home and did not learn them the true value of discipline, time and industry. The negligence at home is shown by the delay pupils take in handing in work for a certain day and in many other ways. The boys and girls look too much for help from the parents instead of imbibing the spirit of being a help to their father and mother. There is an education to be derived at home which is not in the common school books.

A complete line of summer underwear is shown by Garland & Co.

WILL DO INSTITUTE WORK.

The week after the Jacksonville schools close Superintendent W. A. Furr will engage in institute work at Jerseyville. Pine Apple Juice

Ripe Pine Apple has long been known as one of the most healthful of fruits, containing as it does fruit acids salts and sugar in combination peculiarly suitable for dietetic purposes.

In Dole's Pure Hawaiian Pine Apple Juice these properties are presented in the form most easily and conveniently assimilated.

It thus combines marked remedial qualities with its natural advantage of being a delicious and refreshing beverage.

Serve cold over crushed ice or chilled in the bottle.

STATE'S ATTORNEY HOYNE WILL BE CITED FOR CONTEMPT OF COURT

Announcement Made by Circuit Judge Cooper, Who Charges a Plot To Defeat His Court of Jurisdiction.

Chicago, May 20.—State's attorney Hoyne is to be cited for contempt for obtaining a special grand jury and special states' attorney to investigate frauds in the election in which he was chosen for office. This was announced tonight by Circuit Judge Cooper before whom the defeated candidates appeared yesterday and asked for a special attorney to investigate. Judge Cooper advised that the candidates appear to day and ask for a special grand jury. They were forestalled by Hoyne who obtained an order for a grand jury Clyde N. Day was named special prosecutor.

"The plot, concocted during the night to defeat my court of jurisdiction has utterly mis-carried and availed no damage to the plotters," said Judge Cooper. "They have overstepped themselves by their hasty and ill-advised action and they will be held to account by this court, instead of invading my jurisdiction they have played directly into the hands of those who petitioned for a bona fide investigation of election frauds."

GRANDSON OF PETER CARTWRIGHT

P. Q. Harris is in the city for a brief stay and will visit a number of old time acquaintances. Mr. Harrison attended Illinois college here years ago and said yesterday that he well remembered being in the Journal office when Paul Selby was editor of the paper. Mr. Harrison is a son of Peyton Harrison who at one time owned four thousand acres of land near Pleasant Plains, and his mother was a daughter of Peter Cartwright. Mr. Harrison is one of the two survivors of the guard of honor at the funeral of Lincoln, the other of the twain being Dr. Henry Jayne of Taylorville. For a great many years now Mr. Harrison has spent the greater part of his time in the southwest or on the Pacific coast although he occasionally gets back to Illinois. Passing time has silvered his hair and given him a somewhat venerable appearance but he is still far from an old man.

Tickets are now on sale at Brown's Music Store for the Coburn Players. Prices 75c and \$1.00.

Dr. and Mrs. D. C. McDougall, Mr. and Mrs. George Spears and Mrs. Catharine Webster have returned to their home in Petersburg after a visit at the home of Major and Mrs. C. E. McDougall on East State street. The trip was very enjoyably made in the doctor's auto.

An Exciting Honeymoon

The funniest, happiest, wholesome comedy in years! As full of screamingly funny situations as a hive is of honey. Lord Rowley, the unfortunate and near-sighted bridegroom, loses his eyesight just after the ceremony and starts on his bridal tour with the colored cook instead of the sweet little girl he has just married.

A Two-Reel Pathe Play

If you want a rollicking film with a laugh in every sprocket hole! An exciting auto chase; a race down the bay on a tug after the rapidly disappearing steamer and Lord Rowley; a thrilling exchange of doubtful courtesies between Lord Rowley and the cook whose identity he has now discovered and in which the cook comes out on top with the poor Englishman shooting down the ventriloquist into the coal bunkers—these are but some of the things which go to making this film undoubtedly

The Great Raymond Scores Big Hit in Jacksonville

O. Sabana, Buenos Aires

THE GREAT RAYMOND attracted a good audience at the Grand opera house last night. The illusions performed by this master of magic completely baffled description, and those who were present last evening showed their appreciation and delight by round after round of applause. We overheard one gentleman remark "This is getting to be uncanny, much more of it and I shall begin to waver in my disbelief in the supernatural." After what we ourselves witnessed, we have not the slightest hesitation in giving the palm to Mr. Raymond, as the greatest conjurer and illusionist we have ever seen. For us to even attempt to describe what happens would simply be wasting time. Everything happens. The law of gravity is set at defiance by this modern wizard, water becomes wine, wine becomes water in front of one's very eyes, while beautiful young ladies appear and disappear miraculously. All who have not as yet witnessed his wonderful performance would do

well to seize this opportunity of seeing the greatest magician who has ever visited this country. This is positively the greatest magical show on earth. Raymond carries 70 tons of gorgeous scenery, stage settings and paraphernalia and uses a small army of assistants. His assortment of tricks and illusions is a large it admits of change in a city of three or four times without repetition. He presents several entirely new illusions that positively excel anything seen here before. Besides these features and his quickness of hand, Raymond indulges in a line of chatter that is witty, entertaining and dignified. He leaps from fun to witchcraft and you never see him make the leap. Altogether he is a real entertainer who has not his equal on earth today. He keeps the interest unflagging all the way through a long performance and finishes as fresh as ever. There is a matinee today at 2:30. The Great Raymond remains at the Grand opera house all this week.

SALE OF BALLI ART COLLECTION

Paris, May 20.—Art dealers and collectors from both sides of the Atlantic were on hand today when the sale was begun of the collection of modern pictures of John Balli. The collection is one of the finest of purely modern works that has been disposed of for years. It is especially rich in Corbels, and also includes fine examples of Whistler, Daubigny, Delacroix, Troyon, Von Marcke, Meissonier and Rosa Bonheur.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain, as long as possible, a youthful appearance. It is impossible to do this without retaining a luxuriant growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness. Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use.

Herpicide makes an elegant hair dressing as well as Dandruff cure. Accept no substitute—there is none. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

TWO SIZES—50c. and \$1.00

MARKET LETTERS.

Chicago Market.

Chicago, May 19.—Oliver S. Green, with Walter Brothers, U. S. Stock Yards, Chicago, reports the receipts for Monday, May 19:

Cattle—22,000.
Hogs—44,000.
Sheep—23,000.

The run of cattle today was more than trade outlets demanded and steer cattle generally 10 to 15c lower. With good kinds included in the decline. A few prime steers \$8.80 to \$8.85, for weights of 1275 to over 1,600. With one car load extra fancy white faces medium weights reported. A large proportion of good to choice heaves \$8.15 to \$8.50, with short feds a drag at \$7.35 to \$7.60.

The run of cattle included a short crop of butchers stuff, which held steady to strong. Bull prices firm; calves unchanged; stockers and feeders held steady. We quote:

Good to prime heavy heaves, \$8.40 to \$8.85.

Good to choice corn feds, \$8.10 to \$8.35.

Medium to good chort feds, \$7.80 to \$8.10.

Medium and plan warmed ups, \$7.60 to \$7.80.

Common to plain steers, \$7.30 to \$7.50.

Inferior and rough steers, \$7.10 to \$7.25.

Good to prime yearlings, \$8.00 to \$8.50.

Common to fair yearlings, \$7.25 to \$7.85.

Fat cows, \$5.00 to \$7.80.

Heifers, \$6.00 to \$8.00.

Bulls, \$5.75 to \$7.50.

Common heavy to choice veal calves, \$4.50 to \$9.00.

With a few fancy veals up to \$9.25.

Inferior stockers to good light and fair weight \$6.25 to \$7.50.

Selected stockers and feeders, \$7.60 to \$7.85.

Packers held back in the hog market with expectations of getting some decline, but after 10 a. m. the market was firm and closed strong.

A narrow range in prices with many above \$8.55 and a top of \$8.62½.

Select packing and shipping, \$8.35 to \$8.62½.

Light weights, \$8.40 to \$8.55.

Mixed packing, \$8.30 to \$8.50.

Poor to good heavy packing \$8.10 to \$8.32½.

Rough heavy packing, \$7.80 to \$8.00.

The sheep and lamb market was slow during all market hours. Bulk of lambs 10 to 15c lower, with heavy lambs having the slowest call. Aged sheep and yearlings largely steady.

Shorn native ewes, \$3.00 to \$6.00.

Shorn western yearlings, \$5.00 to \$6.75.

Shorn native lambs, \$5.00 to \$7.40.

Shorn western lambs \$5.00 to \$7.50.

Spring lambs, \$6.00 to \$8.65.

Colorado lambs, \$8.30 to \$8.50.

Kansas City Market.

Kansas City Stock Yards, May 19.—Continued good grass prospects all over the country have stimulated the market on stock cattle in two ways, by increasing the call for them and by reducing the supply on the market.

Owners consider them good property, and when it is possible they keep them at home, yet shipments to country points from here exceed the outgo a year ago, 5,000 head going out last week, and 4,000 the same week last year. Illinois feeders paid up to \$8.00 last week for feeders weighing 1150 to 1300 pounds, and more in at least one instance.

Vanorin, Illinois, feeders paid a price that amounted to \$121 a head for heavy feeders here last week, and a Morris, Illinois, buyer paid \$16.60 for a drove of 162 head of 1300 pound animals. A feeder from Wapello, Iowa, here last week in search of cattle, expressed the feelings of those who did not feed anything last winter in this way: "All along the situation did not look just right to me, so I went through the winter without feeding. The strange thing about this business is that a fellow will stay out the very year he ought to stay in."

Receipts here today were 10,000 head, market steady to 10c lower, part of the killing cattle steady, stockers and feeders steady to weak. Buyers of feeding cattle don't meet much competition from killers or fleshy steers, account of the liberal supply of Texas grass cattle now running in addition to the heavy liquidation from corn belt feed lots. Sales of stock steers today ranged mostly from \$6.75 to \$8.10, including a string of panhandles at \$7.85. A year ago top stock cattle and feeders ranged from \$7.25 to \$7.35. Bulk of the fed natives sold today at \$7.50 to \$8.10. Southern steers, \$6.20 to \$7.55; native cows largely, \$6.00 to \$6.90; bulls, \$6.00 to \$7.00; top veals, \$10.00.

IN MOTOR COATS.

The Last Thought In Plaid Effect.

TOP COAT IN SHEPHERD CHECK.

Though a bit extreme in style, this shepherd check motorcoat is stunningly new and correct. The collar and cuffs are of green cloth, the buttonhole strappings matching in shade.

The Very New Sleeves.

The most promising point in the sleeve part of the dress story is variety. There is not one feature which dominates, and the deciding vote should be given after the style of the dress and of the wearer are considered.

The regular armhole is just as highly favored as the dropped armhole, which appears about four inches below the regular line. There are still some kimono styles, and the length may be just what you wish.

Do not forget the bishop sleeve. It is very decided in wash fabrics, yet there is not too much fullness, a smart effect being obtained by having a fitted lining of net.

Many sleeves show a deep cuff reaching nearly to the elbow. This is frequently slashed on the lower edge and has the outer line broken by platings, buttons and loops and insets of frills.

Puffs of net, malines and mechlin lace frills show from the lower edges of afternoon dress models. Sometimes a fine invisible wire holds the net out in a full line at the elbow.

Groups of tucks that extend down the under part of long sleeves for about two inches on each side of the seam give a smooth fit on the under-sleeve and a decided fullness on the upper half.

On many of the coat sleeves the outer seam is modified so that a lapped pointed tab is shown at the cuff. The fullness is drawn into this odd cuff.

The Tail Feather Hat.

Though the chancicler styles—by that cognomen—have made their departure, many of the new hats of the season show a lingering hankering

OF SMOKE GRAY MILAN.

after the pert tail feather effect. This new shape is to be seen in the hat pictured of smoke gray milan straw trimmed with blue velvet and an orange colored flower.

Kitchenettes.

Vinegar in which homemade cucumber pickles have been preserved should not be thrown away, but used in salad dressing. The flavor is delicious and cannot be gained in any other way.

To have boiled potatoes fluffy pour the water off when they are done, then let them stand in the dish they were cooked in on the back of the stove for a few minutes, giving them an occasional shake.

For the Children

Miss Suzanne Pierson, a
Pretty New York Girl.

© 1913 by American Press Association.

Miss Suzanne Pierson, whose portrait is shown herewith, is the daughter of Mrs. J. Frederick Pierson of New York city. She is posing to represent the painting "A Broken Pitcher" by Greuze, a famous French artist of the seventeenth century. As can be seen, the little girl is very intent on making her effort a success. Those young folks who have posed in tableaux and pictures know how difficult it is to keep perfectly still so that the effect of the scene is not marred by movement. The living picture shown is one of a series given by the society folk of New York city for charitable purposes.

Stray Syllables.

It is surprising how often the same syllable is used in different words. If you would like to prove this and at the same time entertain a party of people try the following game. Ask each one of the party to write several words on a strip of paper, leaving spaces of about half an inch between the syllables of the different words. When this is done cut the syllables apart, shuffle them together and let each person draw three. The party should be seated around a table, and each player, with his syllables before him, tries to construct a word with them.

Each player tries, and if it is impossible to make a word from his syllables he must return two to the pile and wait till his turn comes again, when he may draw two more syllables and try again.

If a prize is offered for the person making the most words a time limit should be made, say twenty minutes, and the one making the most words in that time is the winner.

Organ Grinder and Monkeys.

This is fun for the younger children. All can be monkeys except one, who is the organ grinder. He asks each one what he can do as a monkey, and one perhaps will say that he can pull off his cap and bow; one can hold his cap for pennies, another climb up to the window, and so the grinder says he will take them all, but one at a time.

The monkeys do not act their parts to please him, and he gets very angry and calls to them, "You bad monk; you no good; I put you in the cellar," which he does by standing the monkey in a certain corner. Here he must stay till all the monkeys have been tried and rejected. When the last one is put in the cellar all of them rush out and try to escape. The grinder pursues them till he catches one to play monkey for him again, when the game may start anew. This can be played out of doors in good weather, as it is rather a romping game.

Rigmarole.

In the game of rigmarole some one begins to tell a tale of thrilling adventure and stops short at an exciting point, when his next neighbor must take up and carry on the story to a place where he, too, stops suddenly, and the next one goes on with it, and so on around the circle.

This may be "cut short" by the appearance of refreshments, which, to be appropriate, should consist of tiny cups of coffee and sandwiches and cake cut about an inch and a half square. The paper napkins may have a corner cut off. Other ideas may be developed in preparing such an entertainment.

Peg Away!

Peg away, my lad, peg away
If you the prize would win
'Tis only poor, faint hearted chaps
Who talk of giving in.

Success may be long in coming
But come it surely will
To those who grind on steadily
At Perseverance mill.

Peg away, my lad, at your games
Don't think they're not for you.
Consider the deeds of others
And show what you can do.

Should the task or game seem lost
Don't admit that you are "done,"
But play it out to the end, lad.
'Tis how success is won.

Yes, peg away all through your life.
Let that your motto be,
For steady, honest efforts bound
To bring the victory.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

STOCKS TAKE SETBACK LATE IN THE SESSION

BIDS ON NEW YORK'S BOND IS- SUE FALLS BELOW ESTIMATES

Expression of Sentiment Results in
Reaction of Market, Which Cans-
els Large Part of Gains Made
Earlier in Day.

(By Associated Press)
New York, May 20.—After slowly
gathering strength during the greater
part of today's market, stocks re-
ceived a setback late in the session
when bids were opened for New York
city's \$5,000,000 issue of 4½ per
cent bonds. The bids fell consider-
ably below the usual estimates.

The expression of sentiment as a
result was registered in a reaction
in the stock market, which cancelled
a large part of the gains made ear-
lier in the day.
Prices of stocks moved irregularly
at the outset but the undertone was
firm. Withdrawal of pressure from
the Rock Island, St. Louis and San
Francisco issues which were slightly
weak today had a stimulating ef-
fect and traders were inclined to
take the long side of the market.
The upward movement received con-
siderable impetus from the circula-
tion of a rumor that the Harriman
dissolution plan had been decided
upon to the satisfaction of all the
parties at interest. On the strength
of this rumor Union Pacific and
Southern Pacific rose strongly and
the rest of the market moved up
with them. Although the rumor sub-
sequently was denied the market re-
tained its advantage until it received
its setback late in the day.

Correcting Family Speech.
A Cleveland man who makes a prac-
tice of choosing his words with care,
a practice which he has endeavored to
instill into the family circle, made a
memorandum of the misused words
uttered by his son and daughter dur-
ing a recent breakfast. Here is the
result:
Elegant, nineteen times.
Awful, eleven times.
Dandy, six times.
Fierce, four times.
Great, two times.

When the meal was over the head of
the household called the family around
him in the library and gravely read
the totals to them.
"Gee, that's fierce," said the son.
"Isn't it awful!" said the daughter.

Dogs and Their Food.
Dogs growl when you touch their
food, even in play, because the dog
was originally a ferocious animal, like
the wolf, and self preservation by way
of food is his foremost and all pervad-
ing instinct. Only dogs that are so
near human kind that they understand
practical jokes allow their master to
take away their food. They will never
allow another dog to do so unless his
instinct in abject fear of the robber.—Bos-
ton Herald.

Metamorphosis.

ing into a money making scheme with
him."
"And did you embrace the opportu-
nity?"
"Yes, and soon found that I was hug-
ging a delusion."—St. Louis Times.

RINGWORM IN RED SPOTS ON FACE

Rough Crust on Top. Continually Worse. Spread Over Face and Legs. Terrible Itching and Burning. Cuticura Soap and Ointment Cured Completely.

Stratford, Iowa.—"Three years ago this winter my seven year old son had ringworm on the face. First it was in small red spots which had a rough crust on the top. When they started they looked like little red dots and then they got bigger, about the size of a bird's egg. They had a white rough ring around them, and grew continually worse and soon spread over his face and legs. The child suffered terrible itching and burning, so that he could not sleep nights. He scratched them and they looked fearful. He was cross when he had them. We used several bottles of liniment, but nothing helped. I saw where a child had a rash on the face and was cured by Cuticura Soap and Ointment and I decided to use them. I used Cuticura Soap and Ointment about one month, and they cured my child completely. I cannot be thankful enough for it is terrible if a child's face is all broken out as ours was."

MARRIAGE OF WAVERLY YOUNG PEOPLE NEARLY A TRAGEDY.

Springfield Record: Two kisses and a handshake were the final scenes at the police station Monday morning in what was a near tragedy Sunday, when two young people entered into a sensational marriage which almost caused the death of the bride's sister, who attempted to end her life because she believed that the blame of the marriage would be laid upon her.

The first scene in the play was enacted Saturday when Miss Clara Hughes of Waverly, aged 16, and James Hardford, aged 18 years, were married.

Mrs. Hannah Flynn, 721 South Twelfth street, sister of the girl, learned of the marriage and knowing that her parents were opposed to the union, decided to end her life by nailing down the window of her room and turning on the gas.

The escaping gas was discovered by two neighbor girls who in turn told George Kern, who broke in a window and called Dr. Roy Rogers. The physician, with the aid of the motorist, succeeded in reviving the woman.

In the meanwhile another relative of the family notified the police that young Hardford and Miss Hughes were under age. He asked the police to arrest the pair and hold them as he intended to swear out a warrant for the arrest of the young man on a charge of perjury, claiming that he swore falsely to the age of himself and his bride.

The police looked the young couple in a cell at the police station shortly after their marriage, and awaiting developments.

The developments came this morning when the father and mother of the young wife appeared at the police station and asked to see the couple.

The mother at first refused to talk to either of them and the father fumed about a bit, but after a few pleas for forgiveness, the parents gave in. Mother kissed daughter and son-in-law and father shook hands with his new heir.

The four left the police station in a happy frame of mind. They visited the sister who had attempted to end her life to tell her that all was well. After that they returned to Waverly where the young couple of romance will reside.

Milady's Mirror

Making the Wrists Tapering.

In these days of abbreviated sleeves shapely arms are more than ever a desirable asset of beauty and incidentally more difficult to acquire and retain since they are so exposed to air and dust. Thick wrists are proverbially ugly, so if that is your trouble train them down by drawing first one and then the other through a circle made by pressing together the ends of the thumb and forefinger of the other hand. Repeat this whenever you happen to think of it and with an increasing degree of force. Be extremely careful in starting the movement not to pull or enlarge the joints of the wrist nor to stretch the tendons and keep in mind that it is a "tapering" wrist you are working for.

If the hand is spread unduly just where it joins the wrist then commence the movement at the line of the knuckles instead of at the wrists and work down as if you were putting on a pair of new gloves. If the whole arm is too fleshy rub in a lotion composed of eighty-two grams of glycerin, five grams of iodine of potassium, twenty-three grams of alcohol and ten drops of oil of cloves, or if they are too thin apply olive oil and almond oil in equal parts, say three ounces each.

Exercise hardens the muscles and makes them firm, but it is no longer considered desirable to cultivate bunches of muscle. Rather the effort is to develop symmetry; hence all the exercises for beautifying the contour of the arm should be exceedingly gentle, and here is an excellent one for making the lower arm shapely:

Stretch the arm out from the shoulder; then turn the hand around as far as possible, with the elbow as a pivot, first one way, then the other, and repeat this four times with each arm. If the wrists are scrawny turn the hands upon the wrists as a pivot and, in addition, massage every night with warm cocoa butter, employing a rotary motion.

If the skin of the arms is rough, with a tendency to redden and chap, wash them at night with a bit of old linen and apply a cold cream. But if they are merely rough and do not respond to this treatment run a pumice stone very gently over the surface, apply a soothing cream and draw on a pair of long gloves for the night.

If the growth of hair upon the arms is thick enough to be disgusting there is no harm in removing it with barium sulphide, since the operation does not have to be repeated more than once or twice a year. Ask for 5 cents' worth at the druggist's, mix with it about a dessertspoonful of flour, adding enough water to make a paste, and then spread it with a knife all over the arms where there is hair to be removed. Allow it to remain about three minutes, then scrape it off with a dull edged knife, when the offending hair will come with it, leaving the arm smooth and clean. Peroxide of hydrogen, used full strength, will also in time so dry the roots of the hairs after lightening them that eventually they will disappear or at least be much less noticeable.

Cucumber In the Toilet.

If your cook prepares cucumber salad in the French (the best) way you can procure your lotion without sacrificing your salad, and, let me tell you, the French way is the only one that renders cucumbers perfectly digestible. The vegetable should be peeled and finely sliced into a dish, with a pinch of salt lightly sprinkled over it. Then set the dish aside for twenty-four hours, at the end of which time you will find a quantity of juice has drained out. This juice the French cook throws away, holding the dish under the cold water tap for an instant to wash both salt and juice away together. Then the cucumber, well drained, is dressed for table with a pinch of salt, plenty of black pepper, some vinegar and a few drops of oil. But it is the salt juice that the cook throws away that you need for your face lotion, to be applied round the eyes where the skin appears to sag. You can sponge the face with this night and morning, watching carefully the result and stopping the treatment if any roughness should make its appearance. In this event return for a few days to your usual face cream.

Beauty Tips.

There are only a few simple rules to follow if one wishes to improve her complexion or to keep what she already has. The general health must be good, the diet looked to, plenty of outdoor exercise taken, a fondness for the bath cultivated and one's temper kept untroubled at all costs.

To be afflicted with a red nose is one of the most distressing ailments that can befall any young woman who has the slightest regard for her good looks, and what woman is so devoid of vanity that she doesn't care to cultivate beauty?

If you wish to remove discolorations from the skin, especially the neck, where collar bands have rubbed the skin, take the juice of two lemons and strain. Mix this with half its quantity of rosewater and rub into the skin with a soft sponge.

The eyebrows are apt to grow shaggy or sparse with increasing years, but their bow shape might have been preserved indefinitely had their owner been careful to brush them daily with a soft toothbrush kept for the purpose

When they own farms, they select their implements and machines with a keen judgment of efficiency and high quality.

It is significant, therefore, that the head of nearly every automobile manufacturing concern in Detroit who owns a farm uses the

tion on the inside of paraffine or
other suitable substance and must
be closed by a screw-top cover with
sufficient screw threads to require
at least one and one-half complete
turns before it will come off. The
cover must be provided with a wash-
er so that no liquid will escape if
the bottle should be broken.

4. When in a metal container, the
weight of the parcel must not ex-
ceed eleven pounds. The container

WASHINGTON PARTY LEADERS SHOW INTEREST IN SHERMAN

Stand Pat and Progressive Party
Members Make Overtures to Him
—Illinois Likely to Hold Promi-
nent Place.

The Record-Herald publishes the
following from Sumner Curtis,
Washington correspondent concern-
ing the feeling at the national cap-
ital toward Senator Sherman:

"Mr. Sherman of Illinois has been
an object of constantly increasing
interest to his colleagues in the
United States senate, especially
those on the Republican side, since
he appeared on the stage here a
few weeks ago. To the looker-on
from the gallery it has been amus-
ing to note the rivalry of interest,
so to speak, between the followers
of the old guard and the progres-
sive group in this new statesman
from the home of Lincoln, Logan,
Cullom and Cannon.

"In these days when the political
atmosphere is surcharged with re-
organization talk and when there
is under the get-together mask in-
tense jealousy between the Republi-
can factions with respect to control
of the party machinery, the new-
comer exhibiting forceful possi-
bilities invariably commands marked
solicitude on the part of the vet-
erans.

Coddled By Leaders.
"That Mr. Sherman, whose entry
was preceded by a state reputation
calculated to arouse special interest,
is one of those unique characters in
public life who will 'cut some ice'
when his shyness wears off and he
gets the hang of the ropes, seems
to be the judgment already formed.
As a result the senator from Illinois
has been coddled and flattered ex-
tensively by leaders who late may
get a better understanding of the
peculiar brand of independence for
which he has been noted among the
home folks.

The fact that a statesman bears
the title progressive does not mili-
tate against his standing with the
conservatives now as it did a few
years ago. Even the standpatters
have come to recognize the fact that
a progressive may be a "safe and
sound" man, and as matters
are tending a progressive of that
type is likely to be chosen as the
Republican standard-bearer in the
presidential contest of 1916. But
in the preliminaries leading up to
the nomination in 1916 there is
bound to be some brisk strategic
work on the part of both elements
in the party. Mr. Sherman hails
from a state that is a big factor in
national conventions.

"In the natural order of affairs
political he would be likely to exer-
cise a powerful influence, through
his senatorial position over the
"Illinois situation" in the next cam-
paign. Herein is to be found the
reason for some of the "rivalry of
interest" manifested in Senator
Sherman, aside from the assistance
respectively hoped for in alignments
in matters of legislation a little lat-
er, when the Illinois statesman's
force on the floor has developed as
it may.

LaFollette Taking Interest.
Senator LaFollette of Wisconsin
it has been noticed, has been taking
a most friendly interest in Senator
Sherman ever since he took his seat.
Also the progressive group of sena-
tors who brought about the recent
conference at Chicago made him
chairman of the gathering, which
was a decidedly complimentary thing
to do, and Mr. Sherman whose duty
it will be to name a committee to
push the program for re-organiza-
tion outlined at Chicago, immedi-
ately showed his broad view of the
situation by announcing that he would
consult standpatters before appoint-
ing his committee.

Gallinger and Lodge are members
of the conservative wing who have
manifested a determination not to
allow the radical element to mono-
polize the interest in the senator from
Illinois. Mr. Sherman already has
made two speeches in the senate.
The first time he spoke he did not
have much of an audience; it was
the luncheon hour, and only a few
members were in their seats. When
he spoke on the question of instruct-
ing the finance committee to hold
hearings on the tariff bill a few days
ago, however, he had only a com-
paratively full house, but an atten-
tive one.

No Presidential Boom.
There has been no Sherman presi-
dential boom started by anyone, and
it is hoped that nothing stated here
in connection with the next campaign
will suggest that the writer thinks
that there is likely to be. In view
of the conditions which are recog-
nized by all politicians, however, Illinois
might be regarded as a logical state
from which to take one of the candi-
dates on the Republican ticket in
1916—particularly if some genius
can effect the semblance of a union
among the factions out there.

"This would depend, moreover, on
whether the presidential nominee
went to a neighboring state, there
being several more or less active
candidates thereabouts.

"If the nomination should go to
New York or to the far west, which
is not unlikely, the reclaiming
of the electoral vote of Illinois would
be a big factor to consider. A few
days ago an eastern observer of na-
tional politics who has had some suc-
cess in the prophecy line published
the declaration that the next Republican
candidate for president would be
Senator Borah of Idaho.

"This prophecy, made by George
Harvey, who 'foresaw' the nomi-
nation of President Wilson way in
advance of any preliminary campaign,
is backed by influences that are
known to the work at present. And
if somebody as far from Illinois
should be named for president, Illi-
nois would look good to the poli-
ticians in second place."
